Rescue call-outs for domestic cats stuck/trapped in a tree over the last 5 years

Query:

Please send me:

- 1) The number of rescue call-outs where a domestic cat has been stuck or trapped in a tree over the last 5 years.
- 2) If available, the region where the call-outs from request 1 were made.

Response:

Dorset & Wiltshire Fire and Rescue Service does not record which type of animal is involved, we just have Domestic which would cover the following: Cat, Dog, Rodents, Horse, Bird and so on.

We have looked for the following property types:

Outdoor/Grassland, woodland and crops/Private/Domestic garden/allotment
(vegetation not equipment/building)

Outdoor/Grassland, woodland and crops/Tree scrub (includes single trees not in garden)

Outdoor/Grassland, woodland and crops/Woodland/forest - broadleaf/hardwood

Outdoor/Grassland, woodland and crops/Woodland/forest - conifers/softwood

Please see the attached spreadsheet: FOI 21 78 - Rescue call-outs for domestic cats for additional detail.

The incidents included within the attached are between 01/04/2016 – 31/03/2021
