

## Freedom of Information Request FOI 22 36

### Number and size of heath fires over the last five years

#### Query and response:

Please would I be able to ask for a breakdown of the number of heath fires the service attended in Dorset only for each of the past five years (2017, 2018, 2019, 2020, 2021).

#### Heath Fires in Dorset by Year

<b>2017</b>	<b>65</b>
<b>2018</b>	<b>124</b>
<b>2019</b>	<b>105</b>
<b>2020</b>	<b>127</b>
<b>2021</b>	<b>81</b>

In addition, if available, please would I be able to ask for the size (by area and number of pumps made) and location of the largest heath fire in Dorset over the past five years (2017, 2018, 2019, 2020, 2021).

#### The following are based on the largest area of damage

<b>2017</b>	<b>Location:</b> Arne, Dorset	<b>Size sq.m:</b> 5001 to 10000	<b>Pumps:</b> 20
<b>2018</b>	<b>Location:</b> FURZEBROOK ROAD, STOBOROUGH	<b>Size sq.m:</b> 11 Hectares	<b>Pumps:</b> 9
<b>2019</b>	<b>Location:</b> Lulworth Camp, Dorset	<b>Size sq.m:</b> 10 Hectares	<b>Pumps:</b> 13
<b>2020</b>	<b>Location:</b> Winfrith Heath, Dorset	<b>Size sq.m:</b> 3 Hactares	<b>Pumps:</b> 14
<b>2021</b>	<b>Location:</b> AGGLESTONE ROAD, STUDLAND	<b>Size sq.m:</b> 22 Hactares	<b>Pumps:</b> 16
