

Freedom of Information Request FOI 23 20

Church Fires

Query and response:

How many churches in your jurisdiction have been damaged by fire since 2010?

Dorset & Wiltshire Fire and Rescue Service (DWFRS) are only able to go back to May 2012 due to our retention schedule and only keeping 10 years' worth of data. With that in mind, DWFRS attended 24 fires at churches during the above timeframe.

Information/Detail accurate on the date provided: 01, March 2023
