Swindon Fire Station	TK Maxx	20/03/20	A number of food items were dropped off at Swindon Fire Station, due to the closure of the local TK Maxx store.	unknown	Yes	Other charities and organisations had already received a donation. Station personnel discussed the situation and decided that efforts should be made to re-distribute the items to people more in need. A food bank had been contacted, with the aim of sending the food to them. However, if this cannot be achieved/organised, and no other suitable beneficiaries can be sought, it would be acceptable for individuals on station to distribute amongst their own friends and family, that are in need.
